South Platte River Recreation Survey

The City of Evans is beginning a planning process for increasing recreational opportunities along the 5-mile stretch of the South Platte River south of town. We would like to get your input. If you have any interest in nature trails, picnic areas, bike routes near the river, and/or river access for fishing, kayaking, canoeing or floating the river in an inner tube, please take our short, eight question survey at www.surveymonkey.com/r/SPR-RecSurvey and let us know. Your feedback will be key to understanding local demand for recreation opportunities and will be especially helpful for the creation of a South Platte River Recreation Corridor Master Plan in the coming months. We'll have more opportunities for public input and comment as we go along, so please stay tuned. Thanks in advance for your time and input.
